

Materials :

- Ribbon 1/8"
- Ribbon 1/4"
- Ribbon 1/2"
- 3 small metal beads
- 2 ribbon claw connectors

- Flat nose pliers
- Scissors

Choose a combination of three colors of ribbons.

Cut 6,5 cm off the 1/8" ribbon and cut its end slantwise (no more than 1 cm) to obtain a needle shape.

1

Insert 3 beads on the ribbon.

Then cut the needle leaving 5,5 cm of ribbon and position your beads at even distance from the middle of the ribbon.

2

Cut 5,5 cm off ribbons 1/4" and 1/2".

3

Lay the ribbons one over the other ending with the smaller one on top. Using your flat nose pliers, squeeze in a ribbon claw connector to each end of the ribbons.

4

Cut 23,5 cm off the 1/8" ribbon and make peeks at the ends.

Then thread the ribbon in the ribbon claw connectors.

5

Tie it forming a loop, and there it is... your lovely tag glass creation!
